

Alamin Sarker

Prospective Ph.D. Student — Natural Language Processing & Machine Learning

Dhaka, Bangladesh • alamin.sarker4241@gmail.com • +880 1740051568

Portfolio: alaminsarkerfrie.github.io/alaminsarker • GitHub: [AlaminSarkerFRII](https://github.com/AlaminSarkerFRII) • LinkedIn: [alamin-sarker](https://www.linkedin.com/in/alamin-sarker)

Research Interests

Natural Language Processing; Low-Resource Language Processing (Bangla NLP); Entity Linking; Machine Learning & Data-Efficient, Resource-Aware Learning; Data Science; Robotics.

Education

B.Sc. in Computer Science and Engineering | Bangladesh University, Dhaka *Completed Jan. 2026*
CGPA: **3.77 / 4.00**

Research Experience

Undergraduate Researcher, Natural Language Processing | Bangladesh University *2024 – Jan. 2026*
Supervisor: Rasel Khondokar

- Led research on Bangla entity linking under low-resource, noisy-text conditions, with emphasis on methodological rigor over architecture scaling.
- Investigated how annotation ambiguity and representation choices affect entity disambiguation accuracy.
- Designed empirical evaluation protocols under constrained data and computational budgets.

Publications

- A. Sarker**, “Bangla Entity Linking in Low-Resource and Noisy Text Settings.” Manuscript in preparation (target venues: ACL / EMNLP workshops).

Professional Experience

Software Engineer | Technometrics Limited *Dec. 2022 – Present*

- Develop and deploy scalable production systems integrating NLP-based sentiment analysis and topic modeling.
- Containerize and optimize services with Docker to improve deployment reliability and system performance.

Technical Skills

Programming: Python, JavaScript, TypeScript

Machine Learning / NLP: Machine Learning, NLP Pipelines, Entity Linking, Information Extraction

Data Science: NumPy, Pandas, Matplotlib

Tools & Systems: Docker, Linux, Git, Django

Teaching Experience

Founder & Instructor | Alhera Coaching Center *2015 – 2017*

- Founded and taught a secondary-level mathematics and science curriculum.

Languages

Bangla (Native) • English (Fluent)
