RESEARCH INTERESTS

Machine Learning & Data-Efficient, Resource-Aware Learning; Methodological Natural Language Processing; Low-Resource Language Processing (Bangla NLP); Entity Linking; Annotation Modeling.

EDUCATION

Bangladesh University, Dhaka, Bangladesh *January 2026*
B.Sc. in Computer Science and Engineering | CGPA: 3.77 / 4.00

RESEARCH EXPERIENCE

Undergraduate Researcher, Natural Language Processing | Bangladesh University *2024 – Present*

- Leading research on Bangla entity linking under low-resource, noisy-text conditions, with emphasis on methodological rigor over architecture scaling.
- Investigating how annotation ambiguity and representation choices affect entity disambiguation accuracy.
- Designing empirical evaluation protocols under constrained data and computational budgets.

PUBLICATIONS

- A. Sarker, “Bangla Entity Linking in Low-Resource and Noisy Text Settings” — manuscript in preparation (target venues: ACL / EMNLP workshops).

PROFESSIONAL EXPERIENCE

Software Engineer | Technometrics Limited *Apr 2024 – Present*

- Develop and deploy scalable production systems integrating NLP-based sentiment analysis and topic modeling.
- Containerize and optimize services with Docker to improve deployment reliability and system performance.

TECHNICAL SKILLS

Programming: Python, JavaScript, TypeScript

Machine Learning / NLP: Machine Learning, NLP Pipelines, Entity Linking, Information Extraction

Tools & Systems: NumPy, Pandas, Matplotlib, Docker, Linux, Git, Django

TEACHING EXPERIENCE

Founder & Instructor | Alhera Coaching Center *2015 – 2017*

- Founded and taught a secondary-level mathematics and science curriculum.
